

LIST OF JOINT CONTRACTORS OR SUBCONTRACTORS (HRS, 103D-302)

Bidder agrees the listed joint contractors or subcontractors will be used to provide the required Work; and that together with its listed joint contractors and subcontractors, the Bidder has all license(s) necessary to complete the Work.

The 'A' General Engineering Contractors and 'B' General Building Contractors are reminded that due to the Hawaii Supreme Court's January 28, 2002 decision in Okada Trucking Co., Ltd. v. Board of Water Supply, et al., 97 Haw. 450 (2002), they are prohibited from undertaking any work, solely or as part of a larger project, which would require the General Contractor to act as a specialty contractor in any area in which the General Contractor has no license. Although the 'A' and 'B' contractor may still bid on and act as the "Prime Contractor" on an 'A' or 'B' project (*See, HRS §444-7 for the definitions of an "A" and "B" project*), respectively, the 'A' and 'B' contractor may only perform work in the areas in which they have the appropriate contractor's license (*An 'A' or 'B' contractor obtains 'C' specialty contractor's licenses either on its own, or automatically under HAR §16-77-32*). The remaining work must be performed by appropriate licensed entities. It is the sole responsibility of the contractor to review the requirements of this Project and determine the appropriate license(s) that are required to complete the Project.

The Bidder shall list only one joint contractor or subcontractor per required specialty contractor's license and shall provide the complete firm name, license number and specialty class (nature) and classification description
