Requirements and Qualifications for Specific Disciplines/Categories of Work; starting on page 5 of this notice.

I. SUBMITTAL REQUIREMENTS:

All firms interested in being qualified for professional services in the new fiscal year must file their applications online in the Questionnaire for Architects, Engineers and Other Professional Services (i.e. DPW Form 120 and Statement of Qualifications) at the following web site:

<http://dags.hawaii.gov/consultant/>

II. IMPORTANT NOTES REGARDING SUBMITTED QUALIFICATIONS:

Providers of Professional Services are advised to read this Notice carefully as changes to the submittal requirements have been implemented for FY22.

Providers of Professional Services are also hereby notified that the qualifications submitted shall be used by DAGS PWD as a basis for project selection consideration. Selection of professionals will be made in accordance with Section 103D-304, Hawaii Revised Statutes and Section 3-122-Subchapter 7, Hawaii Administrative Rules, as amended. Additional notices may be given for the reasons stated in Section 103D-304. The selection criteria employed in descending order of importance shall be:

1. Experience and professional qualifications relevant to the project type;
2. Past performance on projects of similar scope for public agencies or private industry, including corrective actions and other responses to notices of deficiencies;
3. Capacity to accomplish the work in the required time; and
4. Any additional criteria determined by the selection committee to be relevant to the purchasing agency's needs or necessary and appropriate to ensure full, open, and fair competition for professional services contracts.

III. APPLICATION SUBMISSION:

Applications must be completed by June 30, 2021. Otherwise, the application will be considered a late submittal and will be subject to the following condition:

Late Submittals will only be considered for projects in the remaining balance of the fiscal year and only after the applications have been qualified.

Applicants that applied for a previous DAGS PWD professional services solicitation must re-apply online now to renew their application. Applicants can use the same Login ID and Password to access their online account.

New applicants that did not previously apply online must submit on company letterhead the following information in order to receive a Login ID and Password for access to the online Questionnaire System:

- 1. Statement that your firm is interested in submitting your professional services qualifications online.**
- 2. Contact Person's name.**
- 3. Contact Person's email address.**
- 4. Contact Person's telephone number.**

Letter should be mailed to the following address:

**DAGS-Public Works Division, Technical Services Office
1151 Punchbowl Street, Room 428
Honolulu, Hawaii 96813**

Your Login ID and Password will be emailed to you after we review your letter. For further information, please send your questions to DAGS Technical Services Office by email at public.works.technical.services.office@hawaii.gov

IV. ONLINE SUBMITTAL OF QUALIFICATIONS

1. The following information shall be provided with your online application:

- A. The disciplines/categories for which the firm is interested and qualified to provide professional services (see preceding discipline/category list).**
- B. Statement of Qualifications (SOQ) for each discipline/category highlighting the firm's qualifications, expertise, and experience. SOQ must list licensed or certified personnel in the discipline/category. Also, for project selection consideration, provide the following selection criteria information for each discipline/category:**
 - 1) Experience and professional qualifications relevant to the project type.**
 - 2) Past performance on projects of similar scope for public agencies or private industry, including corrective actions and other responses to notices of deficiencies.**
 - 3) Capacity to accomplish work in the required time.**
 - i. Describe organization of firm and how resources are assigned to a project.**
 - ii. Describe measures taken when project schedules are accelerated and assigned resources are not sufficient.**
 - iii. Describe plan for project continuity when assigned staff leave firm or have prolonged absences.**

The SOQ shall also include any non-DAGS evaluation forms, letters of recommendations, testimonials, etc. that will attest to the firm's past performance on projects of similar scope for public agencies or private industry, including corrective actions or other responses to notices of deficiencies.

- C. Insurance: It is recommended that firms submit the insurance coverage certificates/information that follows (the listed coverages are in accordance with the requirements to be awarded a contract after selection for a project). Firms are advised, however, that providing the insurance documentation at this time during the qualification stage is not required.
- 1) General liability insurance for limit of not less than \$1,000,000 per occurrence and \$2,000,000 aggregate. The STATE shall be named as additional insured.
 - 2) Automobile liability insurance for limit of not less than \$1,000,000 per accident. The STATE shall be named as additional insured.
 - 3) Professional liability insurance for limit of not less than \$1,000,000 per claim and \$2,000,000 annual aggregate.
 - 4) Workers Compensation and Employer's Liability (where required by HRS 386).
 - i. Minimum limit of liability for workers compensation is the HRS 386 statutory limit.

 - iii. Minimum limit of employer's liability for bodily injury from disease per employee is \$1,000,000.
 - iv. Minimum limit of employer's liability for bodily injury from disease aggregate is \$1,000,000.
- If a firm is not able to provide the above insurance certificates at this time, a letter from an insurance company stating, if the firm is selected, they will insure the firm for the insurance policies and the amount of minimum coverage required above, will be accepted as proof of insurance.
- D. The names and telephone numbers of a minimum of three (maximum of five) clients who may be contacted including at least two for whom services were rendered during the preceding year.
- E. Statement indicating any conflicts of interest in performing services for DAGS and/or the State of Hawaii. List membership on State boards, commissions, etc. For additional information, please refer to the State Ethics Code, Chapter 84, Hawaii Revised Statutes, or go to the Hawaii State Ethics Commission Web site at <http://ethics.hawaii.gov>.
- F. Statement indicating any objections to retaining specialty subconsultants (i.e., environmental, geotechnical, etc.) under prime contract. Objections may affect a firm's consideration for certain projects. **Note that it is DAGS' intent for the prime consultant to retain all necessary specialty subconsultants required for a project.**

- G. Projects as prime consultant and projects associated with others: List *present/completed* projects for each discipline/category being applied for in the DPW Form 120. **Projects must be within the last 10 years.** Note: The firm's projects should demonstrate their experience relevant to the FY22 project(s) of interest (see FY22 project list at the end of this Notice).

2. Requirements and Qualifications for Specific Disciplines/Categories of Work:

- A. Firms interested in the disciplines/categories of Architecture, Civil Engineering, Electrical Engineering, Mechanical Engineering, Structural Engineering, Landscape Architecture, or Surveying must have the applicable Hawaii State licensed architect or engineer on staff that will perform, conduct or supervise the work.
- B. Firms interested in the discipline/category of Environmental Engineer/Services which include asbestos-containing materials (ACM), lead-containing paint (LCP), underground storage tanks (UST) and other hazardous materials projects must submit copies of all required certifications. Federal EPA and State Department of Health accreditation and training are required for projects involving the removal of ACM, LCP, UST, and other hazardous materials.
- C. Firms interested in the discipline/category of Planning must have the necessary education, training, and experience. In accordance with HRS 196-9, Energy Efficiency and Environmental Standards for State Facilities, Motor Vehicles, and Transportation Fuel: To the extent possible, DAGS intends to design and construct buildings meeting the Leadership in Energy and Environmental Design (LEED) silver or two green globes rating system or another comparable state-approved, nationally recognized, and consensus-based guideline, standard, or system, except when the guideline, standard, or system interferes or conflicts with the use of the building or facility as an emergency shelter. Firms interested in this type of work must have the applicable Hawaii State licensed architect and/or engineer on staff that will perform, conduct, or supervise the work and provide the name(s) of the proposed staff with relevant experience and qualifications (such as LEED accreditation).
- J. DAGS intends to implement commissioning for various projects ranging from systems commissioning to whole facility commissioning and retro-commissioning of existing buildings. Firms interested in the discipline/category of Commissioning or Retro-Commissioning must provide name(s) of the proposed staff with relevant experience and qualifications. Commissioning and Retro-Commissioning firms must have the applicable Hawaii State licensed architect and/or engineer on staff that will perform, conduct, or supervise the work.
- K. For retro-commissioning projects that require design services, the firm must have the applicable Hawaii State licensed architecture and/or engineering staff to perform, conduct, or supervise the work.
- L. DAGS is seeking qualified Energy Performance Engineering Consultant firms to provide professional services with Technical Support and Assistance for Energy Savings Performance Contract (ESPC) projects, Statewide.

Qualified Energy Performance Engineering Consultant firms need to be able to provide DAGS (for its managed facilities or other State agencies that DAGS services) with technical support and assistance during the planning, development, implementation or administration of State agency projects involving new improvements, modifications or renovations, repairs or maintenance work done through the Energy Savings Performance Contract (ESPC) process. Firms interested in this type of work must have the applicable Hawaii State licensed architect and/or engineer on staff that will perform, conduct, or supervise the work.

Minimum Qualifications/Work Experience:

- 1) Resume (including qualifications) of each staff member to be used on an ESPC project, with the professional background; membership or affiliation with any type of energy savings performance contracting association; years of hands-on

experience advising government agencies in implementing energy savings performance contracting.

- 2) Relevant experience of the energy performance engineering consultant firm, such as description of types of technical support or assistance provided for other government agencies in energy savings performance contracting.
- 3) Previous experience of the designated Project Manager that has acted as principal for at least three (3) projects of over 10,000 square feet in the past three (3) years.
- 4) A representative sample of documents relating to technical support and/or assistance provided for other government agencies in energy savings performance contracting that was prepared by the energy performance specialty consultant firm.

M. Firms interested in the discipline/category of Geotechnical Engineering must have the necessary education, training, and experience along with a Hawaii State licensed civil engineer on staff that will perform, conduct, or supervise the work.

N. DAGS is seeking qualified Corrections and Detention Architecture/Engineering Consultant firms that have the necessary education, training, and experience along with a Hawaii State licensed architect and/or engineer on staff who will perform, conduct or supervise the work.

For this discipline/category of work, provide the following qualifications and work experience information within your DPW Form 120 and/or SOQ document:

- 1) Relevant qualifications, expertise and experience of the firm and staff members proposed for planning, design, and construction services of correctional and detention facilities. Experience should demonstrate expertise in renovating existing facilities as well as building new facilities. Firms shall exhibit a proficiency in establishing physical security while achieving efficient operations and safety with available resources.
- 2) Resume (including qualifications) of each staff member to be used on corrections and detention facility projects, with professional background; registration; membership or affiliation with corrections associations and organizations; and years of hands-on technical experience with planning, design and construction of correctional and detention facilities.

V. **GENERAL INFORMATION:**

When a project in this Notice needs professional services, the selection committee will consider all professionals who responded to this notice and are qualified in the required discipline. The firm's projects should demonstrate their experience relevant to the FY22 projects.

Not all the listed projects will necessarily be implemented this fiscal year. Also, DAGS may implement projects other than those specifically listed without additional notices. Certain listed projects may be advertised again to obtain additional information or if the response to this notice is inadequate. Other projects may also be advertised at a later date on the Hawaii

Awards and Notices Data System website at <https://hands.ehawaii.gov/hands/opportunities> and DAGS, PWD web site <http://pwd.hawaii.gov/for-consultants/> .

Campaign contributions by State and County Contractors: Contractors are hereby notified of the applicability of Section 11-205.5, HRS, which states that campaign contributions are prohibited from specified State or County government contractors during the term of the contract if the contractors are paid with funds appropriated by a legislative body.
